

Using the eStore Post Payment Actions Plugin

After installing and activating the plugin, you can configure the eStore Post Payment Actions addon by going to the WP eStore->Post Payment Actions menu.

Configuring Email Notification After Product Sale

You can configure the addon to send an email to an address of your choice after the sale of an eStore product by entering the required details in the plugin's settings page.

eStore Post Payment Actions Addon

This addon allows you to send an email to specific recipients after the sale of a particular eStore product. Simply enter a valid product ID, email address and message and then save your settings by clicking the 'Save' button.

Enter Product and Email Details

Enter eStore Product ID: 1

Enter Email Address of Recipient: 2

Enter Email Subject: 3

Enter Name of Sender: 4

Enter Email Address of Sender: 5

Enter Email Body Text: 6

Currently Configured Products With Post Payment Actions

<input type="checkbox"/> Product ID	Email Address	Edit Action

Note:

- The product ID must be a valid value which is currently configured in the eStore products database.
- Only a single email addresses are accepted currently for the sender and receiver. If you wish to send a notification to more than one recipient, you can create another entry for the same product ID using a different email address

Existing post payment actions will be listed in the table below the settings form (as shown in the image below)
